NovaTech Solutions — Company Profile

Sample knowledge-base document for RAG practice

Purpose: This fictional document is designed for experimenting with document loading, text chunking, embeddings, metadata, and semantic search.

1. Company Overview

NovaTech Solutions is a fictional software company founded in 2021. It builds workflow automation tools and cloud-based business software for small and medium-sized businesses. Its headquarters are in Pune, India, and it serves customers across India and Southeast Asia.

2. Mission and Vision

The company's mission is to help growing businesses reduce repetitive work through simple, reliable software. Its long-term vision is to make useful automation accessible to organizations that do not have large IT teams.

3. Departments

NovaTech has five main departments: Engineering, Product, Customer Success, Sales, and Operations. Engineering develops and maintains the software. Product prioritizes customer needs and plans releases. Customer Success helps customers adopt the platform. Sales manages new customer relationships. Operations coordinates finance, people processes, and internal administration.

4. Support Channels

Customers can contact support at support@novatech.example from Monday to Friday, 9:00 AM to 6:00 PM India Standard Time. Critical production outages can be reported through the customer dashboard at any time. The standard first-response target is one business day.

5. Company Values

NovaTech emphasizes customer empathy, clear communication, responsible data handling, continuous learning, and practical problem-solving. Teams are encouraged to document decisions so that knowledge is accessible beyond the people who originally created it.

Training sample only. NovaTech Solutions and the example policies, products, prices, and API are fictional.
